Tools & Others :	Git, GitHub, Figma, SEO, Postman, ESLint
Familiar With :	Astro, Redis, React Native, Playwright, Docker, Python

PROJECTS

Arunachala Tractor CRM

[GitHub](#)

Full-stack CRM system for managing tractor service operations

- Built scalable full-stack architecture using Next.js, Express.js, and PostgreSQL.
- Implemented service scheduling, due-date tracking, call logs, and service history management
- Implemented secure RBAC authentication system for admin and staff operations.
- Deployed frontend on Vercel, backend on AWS, and database on NeonDB

Gym CRM Application

[GitHub](#)

Full-stack management system for gyms

- Built using Next.js and serverless APIs
- Engineered features for member management, plan creation, task assignment, and payment tracking
- Included admin authentication and dashboard system

Wedding Bells – Event Management Platform

[GitHub](#)

- Built a MERN stack booking platform with role-based access (Super Admin, Admin, User)
- Implemented JWT authentication and Redux-based state management
- Designed responsive UI using Tailwind CSS

TenMillions – E-commerce Platform

[Live Demo](#) | [GitHub](#)

- Built a full-featured e-commerce platform using Node.js, Express.js, MongoDB, and EJS
- Implemented secure authentication, Razorpay payments, and admin dashboard
- Designed responsive UI with optimized user experience
- Deployed on Render

IP Technics

[Live Demo](#)

- Developed a Next.js company website with blog system
- Integrated Google Reviews directly into the website to enhance credibility and user trust

OPEN SOURCE CONTRIBUTIONS

Kalmia

[GitHub](#)

- Contributed to frontend using React.js
- A documentation CMS written in Go with support for multi-user and multi-version documentation
- Includes markdown editor for content management

Sylve

[GitHub](#)

- Contributed to frontend using SvelteKit
- Open-source virtualization platform for FreeBSD using Bhyve, Jails, and ZFS
- Designed to provide a Proxmox-like experience

Signify

[GitHub](#)

- Contributed to frontend using Svelte
- Tool for generating professional email signatures (HTML & image export)

EXPERIENCE

Difuse (Iridia Solutions)

Full Stack Developer

May 2024 – Present

EDUCATION

Bachelor's Degree in Commerce

MG University

2017 – 2021

CERTIFICATIONS

React JS Tutorial – Great Learning (Dec 2023)

JavaScript Course – Udemy (Jan 2024)

Web Development Bootcamp – Great Learning
